**OFFICE OF PETITIONS**

In re Application of :  
Giardello et al. :  
Application No. 09/312,811 : DECISION ON PETITION  
Filed: 17 May, 1999 :  
Atty. Docket No. PM-2061607 :  
:

This is a decision on the renewed petition filed on 9 February, 2007, under 37 CFR 1.137(b),<sup>1</sup> to revive the above-identified application.

The petition is **GRANTED**.

The application became abandoned on 20 February, 2003, for failure to timely file a proper reply to the final Office action mailed on 19 November, 2002, which set a three (3) month shortened statutory period for reply. An amendment after final rejection was filed on 21 April, 2003, but failed to place the application in condition for allowance. An Advisory Action was mailed on 7 May, 2003. Notice of Abandonment was mailed on 18 June, 2003. The petition filed on 4 October, 2003, was dismissed on 22 January, 2007.

---

<sup>1</sup> Effective December 1, 1997, the provisions of 37 CFR 1.137(b) now provide that where the delay in reply was unintentional, a petition may be filed to revive an abandoned application or a lapsed patent pursuant to 37 CFR 1.137(b). A grantable petition filed under the provisions of 37 CFR 1.137(b) must be accompanied by:

(1) the required reply, unless previously filed. In a nonprovisional application abandoned for failure to prosecute, the required reply may be met by the filing of a continuing application. In a nonprovisional utility or plant application filed on or after June 8, 1995, and abandoned for failure to prosecute, the required reply may also be met by the filing of a request for continuing examination in compliance with § 1.114. In an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof. In an application, abandoned for failure to pay the publication fee, the required reply must include payment of the publication fee.

(2) the petition fee as set forth in 37 CFR 1.17(m);

(3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional; and

(4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required pursuant to 37 CFR 1.137(c)).

Petitioners state, *inter alia*, that "[t]he entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition under to 37 CFR 1.137(b) was unintentional."

The record does not necessitate a finding that the delay between 20 February, 2003, and 9 February, 2007, was not unintentional.

Rather, the Patent and Trademark Office is relying on petitioners' duty of candor and good faith and accepting the statement that the entire delay in filing the required reply and until the filing of the petition was unintentional.<sup>2</sup>

Receipt of the RCE and submission filed on 4 October, 2006, is acknowledged.

The application is being forwarded to the Technology Center Art Unit 1713 for further processing.

Telephone inquiries concerning this matter may be directed to the undersigned at (571)272-3231.
